

# Get a Flu Shot... instead of the Flu! Seasonal Flu Shot Clinics

## Lake-Sumter EMS with Lake County Health Department

**Seasonal Flu Shots:** Lake-Sumter EMS and Lake County Health Department are teaming up to provide seasonal flu shots again this year. See schedule below. There is no charge for the seasonal flu vaccination with a valid Medicare Part B card (must bring card to clinic). Those with a Medicare HMO plan must get prior authorization from the HMO to receive a flu shot. The cost without the card is \$25. For details, contact Deanna Chapman, Lake-Sumter EMS at 352-383-4554 or Fran Weston, Lake County Health Department at 352-357-1668.

**Homebound Flu Shots** are available by calling 352-267-3381. To qualify for this program, an individual must be unable to leave home due to an medically documented illness or injury; experiences a considerable and taxing effort to leave and is absent from the home infrequently, for a short duration or to receive medical care, or requires the assistance of a device, other persons or special transportation.

**Swine Flu Shots (H1N1)** will be available later in the fall. A schedule will be distributed when the vaccine is available in our area.
